“I hired this lawyer for my son who received a traumatic brain injury in a very serious car accident. Mr. Davis did a great job, and his efforts helped my son tremendously. His staff was also good, very knowledgeable and returned calls promptly. **I interviewed 3 other attorneys but I was most impressed with Mr. Davis.** If you have a serious car accident claim, he's the lawyer to use.”

“After my car accident in 2009 **Davis Law Group** was one of the few attorneys I could find that would take my case. I wasn't trying to get rich, I just didn't want to deal with the insurance companies. It seemed like a very slow process at first, but once [**Davis Law Group**] took over my case everything went smoothly...**my settlement was much more than I ever expected.** I would recommend **Davis Law** to everyone and they will be the first ones I call if I every need another injury attorney.”

“**Chris Davis is one of this nation's premiere personal injury/accident lawyers.** He and his group are “true” trial lawyers. Unlike many who make this claim, **Chris is the real deal.** This is evidenced by his recent successes. As someone who has tried hundreds of bench and jury trials myself, I understand the value that an experienced and accomplished lawyer like Chris brings to a case. Chris Davis is at the top of my referral list for any accident or injury case because I know I am putting the client in the best possible hands.”

“I had the A-Team, a quote from another highly qualified attorney in town. Chris Davis, his associate Greg Colburn, [paralegal] and [Chris'] wife Mischelle are a team to be reckoned with. I was injured in an auto accident by a driver who was underinsured. So Chris and his team pursued my insurance company for my underinsured motorist benefit. My [insurance] company kept stalling, claiming I didn't have some injuries and that other injuries were pre-existing. Ugh! **Thankfully I had Chris and his team, who were knowledgeable, straight forward and honest, who played to the letter of the law to build a strong foundation and gathered medical, personal and work witnesses to attest to my character and the changes that had occurred in me.** Not only did Chris and his team prove my case, but I felt taken care of and respected by everyone involved. [paralegal] being my point of contact was always a friendly voice during a stressful time. I felt like she was my friend as well as doing her job responsively. Mischelle was also a friendly voice keeping me informed and encouraged. Chris and Greg were my protectors and my champions! If needed again, I wouldn't go anywhere else. This is my A-Team!!!”

“One of the best up and coming personal injury attorneys around. **I checked out 4 other attorneys who were supposed to have great reputations, great results, and good to work with. Mr. Davis was the only one I felt really confident in.** I could easily see him handle my complicated case in front of a jury. Fortunately it never came to that. The insurance company settled the case for an amount that I was very pleased with (more than I expected). Mr. Davis' staff was also superb. His paralegals respond quickly to calls... Before hiring Davis, I also checked him out on other rating sites. All reviews were extremely positive. **The other thing I liked about Mr. Davis is that he is no-nonsense, he doesn't sugar coat anything, but he definitely has your best interests in mind** (I can't say this about many other personal injury attorneys!). Hire him!”

“After an accident your whole life is turned upside down, not knowing which way is up you try to navigate the waters alone. It seems pretty confusing doesn't it? When I was injured my life seemed so confusing. This affected not only my life but my family as well. Being the primary caregiver to 4 children and a husband suddenly, in just a moment the table was turned and they had to care for me. When my Husband suggested we hire a

lawyer, not being in this situation before we didn't know what to expect. **This was the best thing we ever did.** While we focused on me getting better **Davis Law** worked on my behalf with the insurance companies and doctors offices to solve problems. **The staff at Davis Law walked us through every aspect and have taken great care of us.** The reassurance of letting someone who knows how to navigate the waters was a heavy burden lifted so my life can return to order.”

“I'm a fellow lawyer in the community. I've associated with Chris Davis a few times on some very important and high value cases. He's a very **gifted attorney**, and quite successful. Anyone who needs a very good personal injury attorney that is also **trustworthy, caring, and passionate**, should call **Davis Law Group** first to see if Chris will accept your case.”

“Our son got bit in the face [by a dog] at a birthday party of a child that attended the same school as both our elementary children. It was a difficult and emotionally charged case. **Chris handled every detail and protected our children. He is professional, calm, caring, and very well versed in the law. His demeanor is polite, but don't be fooled, he is a powerful lawyer who knows his stuff. He will fight for you and win.** He guided our family through a very difficult time and we received justice. This case became so ugly that the people tried to say our 8year old attacked the dog. But Chris never wavered, this is a man that you can trust your and your loved ones well being with. Sincerely Redeemed Mother.”

“The **Davis Law Group** helped me reclaim my life after a traumatic auto accident. **Chris Davis gets results. He is sharp, compassionate and the best of the best. Chris does not disappoint.** He takes your case seriously and is very attentive. His entire staff is top notch as well. I was very fortunate to be assigned [paralegal] as my paralegal contact. Not only was she amazing, but also very reassuring. My emails and phone calls were always answered promptly. I was never left guessing as to the status of things. I felt like she really cared. I highly recommend this law firm.”

“The **Davis Law Group** is a unique personal injury firm in that they care about the person and not about how much profit they can get from the injury. **Their level of professionalism and commitment is without equal in the realm of Seattle personal injury firms.** Two thumbs way up for the Chris Davis and his team.”

“Before I found Chris Davis I was an emotional wreck. The MVA accident that took the life of my love when investigated was all wrong. Family, friends and all concerned agreed. A witness that came forward to testify was ignored. **Christopher Davis Law Group was amazing and closed the case with the truth and proved what really happened.** He was professional, yet compassionate, timely, accurate and closed the case in a relatively short time. I now have closure with the accident that I would not of had without hiring Attorney Davis. THANK-YOU to the group and everyone that worked so diligently to bring this welcomed closure to this accident. I would recommend him to anyone who needs the help I needed.”

“**Davis Law Group** is an exceptional law firm. I was particularly impressed with the way Greg Colburn and [paralegal] handled my car accident case because they went out of their ways to help me with the whole process. **They are very caring about their clients and [paralegal] spent lot of time listening to me and reassuring everything would be positive.** One of the things I liked, is how well they tried to know me as a person and how fast they replied my phone calls and email messages. I highly recommend this Law Firm.”

“I was in car accident and had suffered some knee and neck injuries because of the crash. I had lots of troubles trying to settle with the Insurance Company directly, so I decided to get in contact with a law firm. At first I had a bad experience with a previous attorney I had hired a different place..... So I had done lots of research, before hiring Greg Colburn and I cannot describe how satisfied I am about the way him and the paralegal handled my case. **First, the way they handled the clients is top class; they always return phone calls and email messages, even on Saturdays!** Greg is a very professional young lawyer who is very honest and knowledgeable. One of my friends who has known me for a long time and lives overseas and is also a lawyer, made very good remarks about the content of the letter that she put together for the Insurance proposal. **What really impressed me the way she described my personality, in particular the details about way I lived my life before and after the accident. It was like if she knew me for a lifetime!** It was very impressing how well she caught those details! She is also very caring and a good listener and kept me positive during the most negative times of my life. I have to say I will always consider her a friend for all the support given to me and the practical help, by contacting all my debtors so I could concentrate on getting treatment and healing. **It also turned out in the end that the amount requested is going to be much higher than what expected, so I cannot really ask for more!** Now I can see why there are so many positive testimonials about this law firm. I highly recommend this law firm.”

“I was in a serious auto accident last July, a drunk driver pulled out in front of me on a highway near Granite Falls, WA. I was badly injured and was unsure of what to do from that day on. I was referred to **Davis Law Group** by a family member who was treated very well by the firm and had great things to say about them. I am very hesitant to hire lawyers especially after my past experiences but when I first met Greg his only concern was for my daughter and myself and whether we were going to be ok. I am so glad I went to **Davis Law Group** and will refer everyone I can to them. **They will take care of you.**”

“I was injured in a car accident and researched many law firms before I chose **Davis Law Group**, in Seattle. I had a few preexisting conditions and my case was very complex. I definitely needed someone who knew what they were doing. I was assigned a

wonderful paralegal. **I couldn't have asked for more.** [Paralegal] was easy to talk to and very professional. She and Chris Davis gave insightful tips on how to handle myself for the best outcome. I called upon their guidance many, many times. Whenever I had a question, I received a prompt reply. They took the stress off of me and I was able to concentrate on healing. **Words cannot express the relief I felt, knowing these guys had my back.** When it came time to negotiate, I was given an estimated net recovery. However, Greg Colburn entered the picture and was able to almost double that amount! I am **VERY happy with the way my case went.** I would highly recommend the **Davis Law Group** to anyone who is in need of help. Give them a try; you'll be glad you did! The **Davis Law Group** is a team of compassionate and highly skilled professionals. I don't know what I would have done without them. My thanks goes out to these people. I was fortunate to have met them.”

Because I had a few preexisting conditions, my case was complex and I needed to find a highly skilled professional to represent me in a lawsuit. Enter, the **Davis Law Group**...I am so happy I found these people. **They are all very compassionate and definitely know what they are doing.** The paralegal I was assigned to, held my hand the whole way. [Paralegal] took the stress off of me and allowed me to concentrate on healing. She and **Chris Davis gave insightful advice and helped me understand what I should be doing in order to attain the most favorable outcome.** Their website is also a wonderful resource to anyone involved in a personal injury. Greg Colburn negotiated my settlement and I am very happy with the outcome. **The compensation I received was way more than what was originally anticipated when negotiations began.** The **Davis Law Group** is made up of very knowledgeable professionals and my heartfelt thanks goes out to them. “I have never in my 57 yrs had to hire an attorney. But when I was attacked by a vicious dog and the pet owners claimed I was to blame for the actions of their animal I felt the need to. I heard of the **Davis Law Group** from a friend, and that they were very good at getting results! I met with Chris Davis and Greg Colburn, and from the first moment I felt very comfortable. **They listened and heard what I was feeling. they were very professional and honest with me.** Greg and in particularly [paralegal] kept in con-

tact with me all the way through my ordeal. They kept me informed and made the process as easily as possible. I would recommend to anyone that if they need a P.I. attorney these are the ones to hire!”

“I was in a nasty rear-end accident over a year ago and contacted **Davis Law Group** to help me deal properly with the insurance company of the responsible party. From the beginning they were so helpful it really eased my mind. Being in an accident is bad enough without being bullied by adjustors. In the months leading up to my final settlement one paralegal in particular, [paralegal], went above and beyond to help me get what was entitled to me and was indispensable in dealing with every last detail of the process. I couldn't be more grateful. **I strongly suggest that anyone in a similar situation call Davis Law Group sooner than later, as they start to go to bat for you immediately.**”

“For the first time in my life, I was compelled to hire an attorney for a motor vehicle accident I had. Why? Because my OWN insurance company, who has enjoyed years of premiums, was uncooperative with my medical bills. And, no matter how I tried, I never heard from the other parties' insurance adjuster! Because the other party was 100% at fault, and I had been a workers comp. claims adjuster for nearly 20 years, I really thought I could handle things myself, not so. I was at my wits end! I was watching TV on night when a commercial came on about the **Davis Law Group**. The commercial wasn't sleazy or creepy feeling. I ordered the free copy of his book "10 Biggest Mistakes That Can Wreck Your Accident Case" to educate myself. I liked the book, and felt comfortable enough to make an appointment. Honestly, I wasn't sure they would take my case because I knew it wasn't a "big money claim"; my car had little damage and I had had neck surgery a few years prior. **Attorney Davis' legal group is professional, supportive and realistic. I am very pleased to have entrusted my case to them!** Oh, no complaints about my settlement either! I highly recommend Chris Davis' firm! Thanks so much Greg (associate attorney) and [paralegal] for all of your help!! Cheers!”

“So you want to know if Chris Davis is a good attorney for your personal injury case. I can personally tell you, that yes HE IS, Chris did a great job on my case. I received a se-

vere T.B.I (traumatic brain injury) **Chris and his staff are like your own personal body guards. Nobody, and I mean nobody, pushes their client around, Chris doesn't take no crap from anybody.** He will get the job done for the maximum amount possible. I think the insurance companies tremble in their shoes when they hear that the you hired Chris Davis, they already know that they will be paying out a very large settlement. **My settlement resulted in a very large amount after I was involved in a drunk driving accident that was not my fault.** I was a passenger. The insurance company was trying to put all the blame on me, that it was my fault. Chris showed them. I recommend Chris Davis and his staff to anyone out there. If you want someone who is going to get you a fair settlement hire CHRIS DAVIS you can't go wrong with the best of Seattle. You only get one chance to settle your case, do it right and hire Chris Davis. **He's the man!!!! Hire Chris and he will make any other lawyer look inexperienced, trust me he's that good!!!!"**

“I was rear-ended by a minivan 4 years ago and suffered multiple injuries. The most severe was my lower back which required surgery. My path to recovery has been emotionally harder than the physical pain endured by the accident but Chris and his team have shown me incredibly support throughout the process. He was able to secure policy limits from both claims he made on my behalf. Chris fought hard for me and my family. **He explained every step thoroughly and made sure that I was comfortable with the process.** When I called his office I was always greeted by a warm voice and when needed he spoke with me directly. I never once felt alone in my fight and Chris made every effort he could to help me through this difficult process. **All I wanted was for my family not to be in debt due to my medical bills but I was blessed with more than I could ever imagine.** If you have a legitimate claim and you want the best then Chris is your guy. Why settle for less when you can have the best.”

“Over two years ago my husband, granddaughter and I were on the way home when we were T-Boned on the driver side. The driver failed to Stop at the Stop Sign. My husband suffered a brain injury, I suffered neck and shoulder injuries, and our granddaughter struck here head and was visibly shaken up. We were all traumatized. Allstate did not want to be accountable. The first attorney we hired did not have the experience to settle our case and attain settlement. **We fired our first attorney and hired Chris Davis to handle our complicated case** against Allstate Insurance Company. We were immediately impressed with Mr. Davis's expertise; knowledge; and integrity in the field of Law. **We left his office with a deep sense of peace and serenity.** We immediately felt like we knew Mr. Davis all our life. He is to be commended for his insightful services to his clients. We would recommend Mr. Davis and his staff to anyone having legal issues. Thank you! We are extremely pleased we hired Mr. Christopher Michael Davis and we trust him to settle our case by any means necessary.”
