**Some policies allow you to stack the PIP coverage (\$10,000 + \$10,000) while others will only extend secondary coverage in an amount greater than the primary amount. Example: if the primary coverage is \$10,000 and the secondary is \$25,000, the most the secondary policy will allow is \$15,000. You should always request a copy of the PIP policy to make sure.*

**Washington state law requires mandatory PIP coverage unless the policyholder rejects PIP in writing. If the carrier says no coverage, always ask for copy of the insured's written PIP rejection. If no written PIP rejection is produced, the carrier must offer PIP coverage — no exceptions.*
